Lustigt att en del som tror att de har koll på vad jag skrivit genom åren missat att jag redan tidigt under gp-tiden formulerade det som nu uppfattas som upprörande: man kan vara emot en migrationspolitik som den som fördes av andra skäl än de som var SD:s grund. Det var just eftersom detta samband inte gjordes gällande som SD växte. Så ni som upprörs, det är inte jag som ändrat uppfattning utan ni som läst mig slarvigt.

Translated from Swedish by Google

It's funny that some who think they know what I've written over the years missed that early on during the GP period I formulated what is now perceived as outrageous: you can be against a migration policy like the one that was carried out for reasons other than those that were SD :s basis. It was precisely because this connection was not asserted that SD grew. So you who are upset, it is not me who changed your mind, but you who read me carelessly.
