

The [@EPPGroup](#) has one clear message: Europe must take its security into its own hands.

European defence is in our DNA. Today, we are leading the way, calling for a Defence and Security Commissioner and a Single Market for defence.

Europe's security is being defended in Ukraine. But we are creating the conditions for this in the EU.

We are the world's 3rd economy. Our economy is 10 times the size of Russia's. If we work together, no aggressor stands a chance against our production & innovation capabilities
